Jamie Pfister
Executive Director
Federal Transit Administration
1200 New Jersey Ave., SE, 9th Floor
Washington, DC 20590-9898

Dear Executive Director Pfister,

Thank you for your dedication to safe and accessible public transit across our nation. I write today to urge your full and fair consideration of the Greater Cleveland Regional Transit Authority's application to the 2026 All Stations Accessibility Program, to fund its Green Line Light Rail ADA Platform Rehabilitation Project.

The project seeks to refurbish existing stations and create ADA accessible transportation opportunities across the city's Light Rail platforms. The funding would be used for the repair of seven stations across the city to address crumbling platforms and deteriorated sidewalks limiting access for individuals with disabilities.

This project will increase access to the downtown area from the eastern suburbs and provide reliable transportation for workers and visitors alike. This ultimately strengthens the downtown economy, encourages new business growth across the city, and drives long-term regional prosperity.

I again urge your full and fair consideration of this proposal. Thank you for your work to support transportation throughout the country.

Sincerely,

Jon Husted
United States Senator
